More About Me

Why did you choose to work with Davies?

Beyond the exceptionally brilliant lawyers and wonderful clients, what ultimately drew me to the firm was the people. I am a social person, and in every interview I had with Davies I laughed. I was entirely myself. Despite being a formal process, my interviewers were kind and funny people. They all took the time to get to know me and were interested in my life experiences. It was clear that Davies cares about their people, not only on a professional level, but on a personal level, too.

What are you most looking forward to during your time at Davies?

Alongside the substantive work and interesting files, I am very excited to embed myself in the social fabric. Davies is comprised of amazing members who have very interesting backgrounds and experiences in the legal field and beyond. I am looking forward to learning from mentors and my fellow summer students, and forming meaningful professional and personal relationships.

If you could have your own talk show, who would you invite as your first guest?

I would be interested in speaking with Diana Nyad (an open water swimmer). She represents the idea of never giving up on your dreams and what it takes to work hard to achieve your goals.
