Fourteen Davies Lawyers Named Energy Leaders

Lexpert Magazine has named 14 Davies partners among Canada's top energy lawyers in its 2021 *Special Edition: Energy*.

Over the past year, our team has helped clients successfully execute some of the most significant and innovative deals in the energy sector, including:

- Axiom Infrastructure Inc. in its acquisition from the Canada Pension Plan Investment Board of a 49% interest in a portfolio of Ontario-based wind and solar generation facilities;
- The Manufacturers Life Insurance Company in the \$92.8-million construction and term project financing for the Innalik Hydro Project in Québec – the first-ever partnership between an Inuit corporation and a leading independent power producer;
- Hydrostor Inc. in securing \$10 million in growth capital financing to advance four projects in Canada, the United States and Australia; and
- Fengate Capital Management in its acquisition and related financing of the Freeport Energy Center from Calpine Corporation.

The following partners were recognized by *Lexpert* this year:
