Three Davies Litigators Named in *Benchmark Litigation's* 40 & Under List 2022

Benchmark Litigation has recognized three Davies partners in its seventh annual 40 & Under List, an exclusive list of the most notable up-and-coming litigators in Canada and the United States:

- Andrew Carlson has an exceptional record of success in high-stakes, complex commercial litigation. He represented West Face Capital Inc. in a series of high-profile lawsuits that resulted in more than a dozen victories, including the early dismissal of a C\$1.3-billion claim arising from West Face's acquisition and sale of WIND Mobile and the recent dismissal of a C\$500-million claim against West Face under Ontario's "anti-SLAPP" legislation.
- Chantelle Cseh is recognized for her stellar advocacy skills and is a trailblazer in the digitization of Ontario courtrooms. She acted as lead counsel for the Estate Trustees of Barry and Honey Sherman in a precedent-setting appeal to the Supreme Court of Canada involving privacy rights. She is a recipient of the Ontario Bar Association's Heather McArthur Memorial Young Lawyers Award (2020); Osgoode Hall Law School's Alumni Gold Key Award, One-to-Watch (2019); and a Lexpert Zenith Award: Celebrating Change Agents in Law (2019).
- Léon H. Moubayed represents corporations and directors in investigations, criminal prosecutions and related civil suits. He has achieved a number of precedent-setting victories and is actively involved in pro bono work, including the Québec secularism bill challenge. Léon was named *Benchmark Litigation's* 2022 White-Collar Crime/Enforcement Litigator of the Year and is the second Canadian and youngest fellow of the prestigious International Academy of Financial Crime Litigators.

Advocating for clients with sophistication and tenacity, our Dispute Resolution team secures winning outcomes when the stakes are highest. Read more about [our work](#).

Published annually since 2008, *Benchmark Litigation* exclusively covers the litigation and disputes markets in the United States, Canada, Asia-Pacific, Latin America and Europe.
