Acted as counsel for Baffinland Iron Mines LP and Baffinland Iron Mines Corporation (together, "BIM") in a high-stakes application to set aside or overturn an arbitral award of more than \$114 million in damages. The resulting appeal in this case resulted in an important decision rendered by the Ontario Court of Appeal in April 2023 that addresses the circumstances in which an arbitration agreement will be interpreted as excluding rights of appeal, the application of the presumption of consistent expression in the interpretation of Canadian contracts, and the narrow circumstances in which a refusal to grant leave to appeal by a Superior Court may be appealed directly to the Court of Appeal.
