Christian is confident his education in business will enable him to advise and serve his clients.

His background in political science and international relations shaped his critical thinking and analytical skills, while providing a sound understanding of global dynamics and policies.

Is there a practice area or industry in which you are particularly interested?

I am interested in tax law because of the intellectual puzzle created by many tax problems. The dynamic nature of tax and its impact on individuals and businesses makes the process highly rewarding and exciting.

Who would play you in a movie about your life?

Tom Holland, Brad Pitt and George Clooney, playing the past, present and future versions of myself à la *A Christmas Carol*. Why? Why not?
