**Law School**  
University of British Columbia

Colton appreciates seeing the tangible impact that projects and transactions can have on a specific industry.

He looks forward to exploring his interest in corporate law at Davies, and to working alongside other talented students.

**Is there an organization that means a lot to you?**

Motionball is a non-profit organization that raises money for the Special Olympics. While completing my undergraduate degree, I was lucky enough to be the treasurer for the campus Motionball club and helped organize our university's first-ever Motionball fundraising event.

**What experience, job or internship have you learned the most from or found most rewarding?**

Working as an apprentice electrician after graduating from high school. Despite being new to the electrical trade, I had a great opportunity to work within a group of supportive individuals who were all focused on completing a common task.

**What skill would you like to learn?**

I would like to learn how to play the harmonica. I have always enjoyed its sound, and I like that it's a very portable, hassle-free instrument.
