ROB/Lexpert Special Edition Recognizes Davies' Dominance in Litigation

The ROB/Lexpert Special Report – *Canada's Leading Litigation Lawyers* has named 17 Davies partners among the best litigators in the country.

Widely known for its technical expertise and courtroom prowess at both the trial and the appellate levels, Davies' litigation group is consistently at the centre of Canada's most high-stakes commercial disputes. Our recent notable work includes representing TransAlta in defending "public interest" proceedings initiated by Mangrove Partners before the Ontario Securities Commission and Alberta Securities Commission, and acting for Rogers Communications Inc. in the appeal of the Québec Privacy Commissioner's decision that would prohibit Rogers from using any personal information to take credit verifications and fraud prevention measures.

Davies partner Luis Sarabia is also quoted in a feature article in the special edition on the practicability of and barriers to establishing of a national class-action system.

Published annually in the December issue of Report on Business, *Canada's Leading Litigation Lawyers* profiles Lexpert-ranked lawyers in several areas of business-related litigation.
