Ian offers innovative tax solutions that enable his clients' growth and success.

Ian advises clients on all areas of domestic and international income tax law, including mergers and acquisitions, reorganizations, financings, investment products and tax disputes. With a background in mathematics and technology, as well as extensive startup experience, Ian brings a rounded approach to the tax implications of new and emerging technologies. He is a trusted adviser to corporate entities, funds and financial institutions, which rely on his technical knowledge and commercial judgment.

Ian is a frequent speaker at national and international industry conferences. Before joining Davies, he practised for nearly a decade at a national law firm and at a prominent New York-based international law firm.
