“Our team is dedicated to equipping our clients and lawyers with meticulous, data-driven information regarding the financial aspects of their relationships. We are efficient and timely, leveraging technology to be transparent with clients about the services our lawyers deliver.”

Anthony brings a wealth of operational, transactional and commercial expertise from more than 15 years as a finance executive. He has overall responsibility for the firm’s accounting and finance strategy and function. Anthony and his team provide financial decisions and analysis for our lawyers to ensure clients get the right information to meet their cost certainty and efficiency needs.

Before joining Davies, Anthony held senior leadership roles at two international accounting firms.
