"As the demand for electronic information continues to grow, my top priority is to develop and establish digitization strategies that keep pace with the changing business environment and meet the evolving needs of our business and clients."

As Chief Information Officer, Rajat leads and oversees the firm's technology strategy and function across all three offices. A seasoned technology professional with over 20 years of experience, he spearheads all aspects of technology enablement and innovation to support the firm's business goals. Rajat leads a team of dedicated professionals focused on implementing and operating the firm's IT systems with a view to maximizing security and work efficiencies, and delivering superior client service.

Prior to joining Davies, Rajat served as Chief Information Officer/National Director of IT at a national law firm and previously held various positions at IBM Canada.

Education

Queen's University, MBA, 2004
Concordia University, BComm (Management Information Systems), 1994
