More About Me

Why did you choose to work with Davies?

The calibre of work at Davies is undeniably a cut above any other firm in the market, and what truly sets it apart is the dedicated team of exceptionally intelligent and driven professionals behind that work. I want to surround myself with individuals who will challenge and inspire me to grow, ensuring I continuously strive to deliver the highest quality of work for both clients and my colleagues.

Is there an organization that means a lot to you?

Over the past three years, I have volunteered as a youth mentor for Youth Diversion in Kingston. The program connects youth with community mentors to help them navigate challenges of adolescence. I have been fortunate to have many strong mentors in my life, without whom I would not be where I am or who I am today. I feel it is my responsibility to do the same for others and hopefully inspire them to see the possibilities and potential they hold.

What fictional character do you identify with most?

I identify most with Elle Woods from *Legally Blonde*. To me, she embodies the idea that it is possible to achieve success in your field without compromising the qualities and passions that make you who you are.
