abibawy@dwpv.com

Alan’s background in marketing gives him an insight into how businesses operate, which he plans to apply to his legal career.

Education

Concordia University, John Molson School of Business

Law School

McGill University

More About Me

Why did you choose Davies?

I was able to build genuine relationships with the people here. The supportive atmosphere and commitment to excellence were consistent themes throughout my interactions with the firm's lawyers. Davies not only offers exceptional legal training but creates an environment that supports growth both within the firm and beyond.

Share a quote that is meaningful to you.

“True authority and true leadership come from knowing who you are and not pretending to be anything else.” – Robert Iger It is meaningful to me as it is a reminder to always stay authentic and true to myself because that is what truly matters.

Whom do you most admire?

I deeply admire my parents. They came to Canada from Egypt and had to rebuild their lives from the ground up. Their resilience and dedication have shaped the opportunities I have today, and they have always supported and encouraged me in pursuing my goals.
