More About Me

What common myth about Davies would you want to dispel?

People often assume that large law firms are cold, competitive environments where everyone works independently. At Davies, I've discovered quite the opposite. The team is close-knit; people support one another and take the time to share their knowledge.

Is there something about you that we would be surprised to learn?

I played the piano throughout my entire childhood.

Whom have you learned the most from personally or professionally?

My football coaches have had the greatest influence on me. Each of them has pushed me to reach my full potential while instilling a strong work ethic built on discipline and consistency. Through their guidance, I developed resilience and strength of character. I learned how to bounce back from setbacks, persevere through adversity and perform under pressure. My coaches also taught me what it means to be a true leader: someone who leads by example, motivates others and takes responsibility for the team. These are lessons that continue to guide me today, well beyond the football field.
