Eager to engage with stimulating, complex and cutting-edge transactions, Caleb will use his problem-solving skills to provide exceptional client service.

Caleb aspires to build a career in a broad corporate practice, specifically M&A and capital markets. He looks forward to making a meaningful impact in both the technical and personal aspects of the law.

Caleb was awarded the Albert E. Wadham Award at Toronto Metropolitan University.

Education

Toronto Metropolitan University

Law School

Queen's University

More About Me

Why did you choose to work with Davies?

I was initially drawn to Davies by its reputation for high-quality work and exceptional lawyers, which made it stand out as a leader in the industry. What truly convinced me, however, was meeting the people and experiencing firsthand how kind, genuine and professional everyone is, creating an environment where I could see myself thriving.

If you were not a lawyer, what career would you have chosen?

If I weren't a lawyer, I would be a sports journalist because I enjoy researching, analyzing and writing. Interviewing athletes and sharing their perspectives would have combined my passion for storytelling with my love for sports.

Is there an organization that means a lot to you?

Meals on Wheels. This organization means a lot to me because it not only provides essential meals to vulnerable groups like the elderly and disabled but also offers a chance to connect with these communities and help brighten their day. I have spent over a year at Meals on Wheels as a volunteer meal runner.
