DAVIES

Caleigh Cowen
Student

Office
Toronto

Tel
416.863.0900

Caleigh thinks quickly on her feet and uses her creative problem-solving skills to develop innovative solutions.

Outside of her studies, Caleigh is an award-winning competitive dressage rider, having competed on a national and international level with her horse, Ace.

Education

Carleton University

Law School

University of Ottawa

More About Me

Why did you choose to work with Davies?

I chose to work at Davies because of the firm’s reputation for excellent work and the amazing work environment I heard about from students when I was researching which firms to apply to.

Is there a skill you would like to learn?

I would like to learn how to make pottery! I've always enjoyed learning new artistic skills such as playing instruments, but have never been artistically inclined. It would be great to learn how to create more traditional art.

Whom have you learned the most from personally or professionally?

My horse, Ace, has taught me so much about hard work, responsibility and perseverance since I first got him when I was sixteen. We have been through thick and thin together. The discipline and grit I have developed taking care of him and competing have given me the skills that have allowed me to thrive in law school and that I hope will carry me throughout my legal career.
