### More About Me

**What are you most looking forward to during your time at Davies?**

I am hoping to discover a practice area I am passionate about, and I look forward to starting my search for that passion this summer. I also look forward to developing the relationships I have with members of the Davies team, and I am excited to meet more people.

**If you could have your own talk show, who would you invite as your first guest?**

Roger Federer would be my first guest. He has always been my favourite tennis player and I have idolized him since I was a kid. I think he is someone who would have incredible insight about many things that transcend tennis. I would ask him about dealing with failure because he stated that he won only 54% of the points played in his career. I would love to know how he is able to reset so quickly.

**Share a quote that is meaningful to you.**

“Be a goldfish.” This quote, from the TV show*Ted Lasso*, is meaningful to me because it is something I try to remind myself of regularly. I am often someone who is hard on myself, especially leaving an exam room, for example. The quote reminds me to have a short-term memory sometimes and move forward more effectively.
