DAVIES

Dallas Cochran
Student

Office
Toronto

Tel
416.863.0900

Dallas' studies in political science helped her develop strong analytical and critical thinking skills, both essential for a career in law.

With professional experience in both residential and commercial real estate, Dallas is drawn to the tangible nature and the blend of commercial strategy with practical problem-solving involved in real estate law.

Education

Queen's University

Law School

University of Toronto

More About Me

What are you most looking forward to during your time at Davies?

I am most excited about the opportunity to explore various practice areas, alongside commercial real estate, and learn from lawyers who bring both passion and excellence to their work.

Share a meaningful quote.

Hard work beats talent when talent doesn’t work hard." – Tim Notke (popularized by Kevin Durant). This quote has always stuck with me. It is a reminder that success comes from preparation, persistence and putting in the work every day.

Who have you learned the most from personally or professionally?

I have learned the most from my mother, who worked her way up from gym teacher to head of school. She taught me the importance of hard work, perseverance and finding joy in what you do.
