More About Me

Why did you choose to work with Davies?

In addition to the truly phenomenal people I met during interviewing, Davies was the perfect choice for my career goals and aspirations. Davies will allow me to remain general and explore all the areas of law I am interested in, while giving me the real responsibility that motivates me to do the best work I can.

What are the essential qualities of a good lawyer? How do you display those qualities?

Lawyers must be client orientated and capable of analyzing issues from multiple perspectives. I have work experience in seven different industries, have travelled my entire life and have extensive involvement in many different sports. This allows me to approach issues from a variety of different angles. My work history has taught me what it really means to deliver the best service to clients.

Would you rather live in the ocean or on the moon?

Moon. Anyone can live in the ocean with much less resources and engineering. Living on the moon would be an accomplishment for all humanity. I would be the first person to have lived off the planet Earth.
