More About Me

Why did you choose Davies?

Davies' generalist approach was a major reason in my decision to join the firm. I look forward to working with industry-leading clients and collaborating with brilliant colleagues capable of handling the most complex legal challenges in diverse contexts.

Is there something about you that we would be surprised to learn?

Owing to my Italian origins, densely-packed weddings are a prevalent occurrence. To remedy the pixelated collective memory of these events, I decided to start my own event media company, blending my creativity and business acumen.

Is there a skill you would like to learn?

I would love to learn additional languages. Adding to the four languages I already know, diving into more languages fascinates me because of the enrichment that comes from being able to communicate with and understand a wider range of people.
