Johan's background in economics, politics and philosophy have allowed him to hone his analytical, critical and logical thinking abilities.

Johan has an interest in corporate law as it will allow him to be continuously challenged. His skills position him to address complex legal issues for clients and develop top-tier solutions.

Education

Queen's University

Law School

Queen's University

More About Me

What fictional character do you identify most with?

I identify with Legolas from *Lord of the Rings*. As a highly skilled archer, he has to be very precise and calculated. He exhibits a sense of calmness that I see in myself, and he also has a good sense of humour.

What are the essential qualities of a good lawyer? How do you display those qualities?

Essential qualities are written and oral communication, adaptability and critical thinking. My varied professional experience and living in different countries honed my communication skills and ability to adapt quickly to new environments, mainly through teamwork and communication.

Is there anything we haven't asked that you feel is worth mentioning?

I am trilingual; German is my first language, and I am fluent in French.
