DAVIES

Karen Hull
Student

Office
Toronto

Tel
416.863.0900

Karen's studies in commerce and economics helped her develop a structured approach to analyzing complex issues, an essential skill for a law career.

Karen is particularly interested in tax law, an area she enjoyed during her undergraduate accounting courses, and is excited to explore it more from a legal perspective.

Education

University of Toronto

Law School

University of Western Ontario

More About Me

Why did you choose to work with Davies?

The non-rotational program and the lean-staffing model. I like that Davies allows you to explore different practice areas, and the staffing model lets students get substantive experience early on in their careers.

What are the essential qualities of a good lawyer?

A good lawyer should have determination and a love for learning because the legal field is always evolving and that can be both difficult and exciting as you constantly need to keep learning to stay up-to-date.

What fictional character do you identify most with?

A fictional character I most identify with is Monica Geller from *Friends* because she is also extremely organized and loves to host her friends.
