More About Me

Outside of school, what do you like to spend time on (sports, hobbies, causes, favorite types of movies or shows, etc.)?

I practice sports several times a week such as indoor training, swimming, climbing and downhill skiing. I also did competitive synchronized swimming for seven years and was a member of the women's high school volleyball team.

Why did you choose to work at Davies?

Davies has a vision that is different from other firms in the market, fostering a warm and collaborative atmosphere. The firm allows for a considerable involvement of students, stagiaires and young lawyers in the files.

What would we be surprised to learn about you?

I co-own a house in Sherbrooke with several members of my family. Together, we have been renovating the house for several months and are currently renting it out. I would like to continue investing in real estate in the future.
