DAVIES

Marisa Klassen
Student

Office
Toronto

Tel
416.863.0900

Marisa's studies in philosophy provide her with the ability to reason through complex problems, an invaluable skill for a future lawyer.

Marisa is interested in exploring various practice groups at Davies, and in particular, gaining experience in corporate, tax and real estate law.

Education

University of Toronto

Law School

University of Toronto

More About Me

Why did you choose to work with Davies?

Davies provides the opportunity to take on meaningful work at an early stage in my legal career. I am especially drawn to the leaner deal teams, as having less individuals staffed on a file allows everyone to take on a more significant role. I believe the hands-on learning opportunities will equip me with the skills necessary to develop into a strong lawyer.

What are you most looking forward to during your time at Davies?

I am most excited about being a part of a summer student class. In my previous summer jobs, I have been the only legal student at the firm/in-house. I am looking forward to having a group of students who I can rely upon and form genuine connections with.

Share a meaningful quote.

A quote my mom repeats to me is, "Every opportunity will open the door to another opportunity." I try to put this quote into action in my life, taking advantage of every opportunity and valuing every connection, because I never know where they will lead me.
