Michael is looking forward to a career in law and the diverse, dynamic and complex workload the practice entails.

He is interested in business law and litigation because of the outside-the-box thinking he must deploy in order to construct arguments that advance the client's position.

More About Me

What are you most looking forward to during your time at Davies?

I am most looking forward to getting highly stimulating practical experience in the legal industry and applying the skills I have learnt in the classroom in a professional context. I am also eager to work collaboratively with outstanding individuals and learn from professionals who truly lead the industry.

Is there something about you that we would be surprised to learn?

I'm a history buff! Regardless of the era, I am fascinated by all things history and always make detours during my trips to see historic sites and museums (often much to the chagrin of my travel companions).

Where was the last place you travelled?

I traveled to Ireland in January of this year and celebrated New Year's in Dublin.
