DAVIES

Simone Giroux
Student

Office
Montréal

Tel
514.841.6400

Simone looks forward to utilizing her analytical and drafting skills in her future practice.

Simone is eager to work on matters that impact society and the world.

Education

Collège Jean-de-Brébeuf

Law School

Université de Montréal

More About Me

What are the essential qualities of a good lawyer?

Curiosity is paramount for a lawyer, along with a commitment to doing things thoroughly and enjoying the process of finding the right answer, even when it's not immediately clear. Listening is also important, as is resilience – especially in litigation, where success is not defined by an uninterrupted string of victories.

Is there a skill you would like to learn?

I would like to learn more about artificial intelligence and how to use it effectively to maximize productivity. I believe it will play a central role in the evolution of the workplace and it will be essential for staying ahead of the market.

What fictional character do you most identify with?

I have always identified somewhat with Hermione Granger from *Harry Potter*. I think we share qualities like curiosity and a strong desire to learn – traits that can sometimes, despite our best intentions, manifest imperfectly.
