DAVIES

Yuliana Kovalenko
Student

Office
Montréal

Tel
514.841.6400

Yuliana believes the three essential qualities of a good lawyer are resilience, empathy and hard work.

Yuliana has always been interested in history, politics and sociology, which sparked her interest in law, as it combines all of these disciplines in one field.

Education

Dawson College

Law School

McGill University

More About Me

Why did you choose Davies?

I chose Davies because I have a strong interest in litigation and Davies has a very strong litigation practice with fascinating files. Moreover, the people are incredibly kind and welcoming.

Whom do you most admire?

My mom is the person I admire most because she embodies all the qualities I aspire to develop. She is the most resilient person I know and she motivated our move to Canada in 2010. She also has diverse hobbies and interests and is continually trying new things or learning new skills. At the age of 43, she became a marathon runner and has also recently started learning Spanish because she is planning on travelling to Costa Rica.

Where was the last place you travelled?

The last place I travelled to was Switzerland. This was part of an international environmental law program I did with Queen's University, which involved four weeks of studying in Kingston, three weeks in Berlin, Germany and one week in Geneva, Switzerland.
